

In so many cases, we don't need to use insurance until the most challenging times in our lives. You don't want to think about the worst that could occur, or why you might need auto extension coverage.

But you need to think about it. It can protect you and your family from financial hardship.

We believe good insurance is an act of care ... here's why.

"A surprise on the highway nearly ruined our family vacation."

John's collision with an animal could've ended a summer of fun.

John and his family work hard and like to play hard, so when he got a bonus at work, they purchased an SUV to keep up with their active lifestyle.

While driving his family to the cabin for a weekend of sun and sand at the lake, John came around a corner in the highway to find a deer in the middle of the road! There was no avoiding the animal and John hit it at highway speed. Luckily, his family was uninjured — although the same could not be said of their vehicle.

With his SGI CANADA Auto Pak insurance, John did not have to pay his deductible for the wildlife collision; and in addition, because this was a wildlife collision, he had coverage for a rental vehicle so he and his family could get back out on the road for their summer adventures.

Auto extension insurance can protect you and your family from financial hardship. Take care of yourself and your loved ones with an SGI CANADA Auto Pak.
