

*In so many cases, we don't need to use insurance until the **most challenging** times in our lives. But often, your customers don't think about the worst that could occur, or why they might need extended coverage. They could be under-insured when a tragedy occurs.*

We believe good insurance is an act of care... here's why.

"A standard policy doesn't cover his income."

Dana lost her husband and may lose her house

Dana and Mike met in university 20 years ago. He's become a heart surgeon, while she's always stayed home with the kids. When she gets the call that Mike got into an accident on a long, rainy stretch of highway and was killed instantly, she doesn't know what she'll do.

He wasn't just her soul mate; he was their only breadwinner.

The SGI adjuster tells her that her husband took out an Auto Pak policy for additional coverage. A standard policy would cover less than half Mike's income, but she'll receive additional benefits.

Her policy pays out \$1.5 million. It's an irrevocable loss, but their kids get to stay safe and sound in the house she built with her husband.

Auto Pak. We care.
