

In so many cases, we don't need to use insurance until the most challenging times in our lives. You don't want to think about the worst that could occur, or why you might need auto extension coverage.

But you need to think about it. It can protect you and your family from financial hardship.

We believe good insurance is an act of care ... here's why.

"My new car is totalled and I owe more than my settlement."

Auto extension insurance kept Sarah from starting out in debt.

Sarah finished university and was hired into an entry level position in her field. Realizing she now needed a reliable vehicle, she decided to purchase a new car which she could pay off with monthly payments, thanks to her new job.

A couple of months later Sarah headed to a friend's backyard barbecue. The night's excitement took a turn when, on her way there, a driver ran a red light and T-boned her, causing the air bags to deploy.

Thankfully she wasn't seriously injured; but because her vehicle had depreciated in value, she was shocked to learn the settlement for her totalled vehicle was less than what she still owed. Her SGI CANADA Adjuster put her mind at ease, reminding her of the Auto Pak insurance she had purchased with her new car.

Sarah's deductible was waived and her vehicle was replaced completely, down to the make and model for no additional cost. She can start her post-university life without an unnecessary financial burden.

Auto extension insurance can protect you and your family from financial hardship. Take care of yourself and your loved ones with an SGI CANADA Auto Pak.
